

Earned Income Credit *EIC2020*

Notice to Employees of Federal Earned Income Tax Credit (EIC)

If you make \$50,000* or less,

your employer should notify you at the time of hiring of the potential availability of Earned Income Tax Credits or Advance Earned Income Credits. Earned Income Tax Credits are reductions in federal income tax liability for which you may be eligible if you meet certain requirements. Additional information and forms for these programs can be obtained from your employer or the Internal Revenue Service.

* Earned Income and adjusted gross income (AGI) must each be less than:

- \$50,594 (\$56,844 married filing jointly) with three or more qualifying children
- \$47,440 (\$53,330 married filing jointly) with two qualifying children
- \$41,756 (\$47,646 married filing jointly) with one qualifying child
- \$15,820 (\$21,710 married filing jointly) with no qualifying children

If your earned income was higher in 2019 than in 2020, you can use the 2019 amount to figure your EITC in 2020. This temporary relief is provided through the Taxpayer Certainty and Disaster Relief Act of 2020.
