In lieu of a letter, a Standard Form (SF) 180, Request Pertaining to Military Records, can be used for requesting the records. Instructions are provided with the form, which can be downloaded online at <https://scra.dmdc.osd.mil/scra> under the Single Record Request tab.

When the SF 180 is completed, the purpose noted in the "Other" section should be "Work Opportunity Tax Credit (WOTC) Eligibility Determination." This form request must be sent by regular mail or faxed, when requesting on behalf of veterans or next-of-kin. A letter will then be returned from the National Archives stating the veteran's active duty service dates.

The SF 180 is also available on these websites:
